Trade Notice

To

All the Shipping Lines, Agents, CFS Operators.

As you all are aware of the collision of the vessels (MSC CHITRA & AL KHALIJIA) which took place in the sea, just a few kms. away from JNPT on 08.08.2010 resulting into non functioning of all the Three Terminals for more than a week there after. Now as the functioning has started and it will take some time to normalize, there is heavy volume of containers that are to be moved from all the Three Terminals.

The terrible road conditions and other factors are also affecting the movement resulting into delayed movements.

The association would like to inform all the concerned that none of the members of the association will be liable for any ground rent, what so ever, that will be imposed for the delayed movements.
